Receipt is acknowledged of this nonprovisional Patent Application. It will be considered in its order and you will be notified as to the results of the examination. Be sure to provide the U.S. APPLICATION NUMBER, FILING DATE, NAME OF APPLICANT, and TITLE OF INVENTION when inquiring about this application. Fees transmitted by check or draft are subject to collection. Please verify the accuracy of the data presented on this receipt. If an error is noted on this Filing Receipt, please write to the Office of Initial Patent Examination's Customer Service Center. Please provide a copy of this Filing Receipt with the changes noted thereon. If you received a "Notice to File Missing Parts" for this application, please submit any corrections to this Filing Receipt with your reply to the Notice. When the USPTO processes the reply to the Notice, the USPTO will generate another Filing Receipt incorporating the requested corrections (if appropriate).

Submitted in

Response to Office Action dated 07/11/2006 (Final Rejection)

Dear Sir:

In response to the above-identified final rejection of my patent application claims 25-27, may I kindly submit the following response:

- 1- By submitting a Notice of Appeal From the Examiner to the Board of Appeal and Interferences [Form: PTO/SB/31 (07-06)].
- 2- Payment by Credit Card. Form PTO-2038 is attached.
- 3- Objection to the Examiner decision by submitting further evidence from medical textbooks clarifying the point of dispute with the examiner; in relation to the definition of asthma and asthmatic bronchitis, and differentiating them as unrelated separate medical entities, thus rendering my claims in the use of glycophosphopeptical in the treatment of asthma patentable and valid.
- 4- Amendment of claim 25, currently reads as "25. (New) A pharmaceutical composition consisting essentially of glycophosphopeptical for oral administration for the treatment of allergy and asthma in dosage and duration which is effective to....etc"; may I kindly request separation of the use of glycophosphopeptical in the treatment of allergy from its use in the treatment of asthma. Discussion of the use in the treatment of allergy are part of the response to Office Action dated ....

Detailed response will follow.

Thank you for considering my appeal.

Best regards

The Inventor  
Nida Nasif
